Continuing Education for
Occupational Therapy Practitioners

Providers now have 2 options!

- Full Approved Provider Status
- NEW! Single Course Approval

Two Ways to Be Part of the AOTA Approved Provider Program

Being an AOTA Approved Provider distinguishes your continuing education courses above those of your competitors. It says to occupational therapy learners, employers, and regulators that the continuing education you offer is high quality and relevant. It is your single best opportunity to reach your prime audience.

Full Status Approved Provider

Once approved as an AOTA full status Approved Provider, you can assign AOTA CEUs to any of your live or distance learning CE activities relevant to occupational therapy for a period of 4 years.

NEW! Approved Single Course Provider

Providers who offer only occasional courses relevant to occupational therapy can apply to have a single live course approved. Approval is limited to a maximum of 2 courses or 2 occurrences of a course in a 12-month period.
