

GUIDELINES AND POLICY STATEMENTS

VI. D. INACTIVE STATUS

INACTIVE STATUS POLICY

Inactive status is a special status applied only to programs that are not currently enrolling new students and do not plan to enroll new students in the future. Programs that continue to enroll students, even when the frequency of admissions is reduced (e.g., from once a year to every other year), do not need to request that the program be placed on inactive status.

The status “inactive” does not replace any other current accreditation status. The designation follows the regular accreditation status (e.g., Accreditation—Inactive or Probationary Accreditation—Inactive). Students graduating from a program with Accreditation—Inactive or Probationary Accreditation—Inactive status are considered graduates of an accredited program. A program may remain on inactive status for a maximum of 3 years dependent upon the accreditation term remaining. During that time, programs with a status of Accreditation—Inactive or Probationary Accreditation—Inactive remain responsible for submission of Annual and Interim Reports to the Accreditation Council for Occupational Therapy Education (ACOTE®) and must pay the annual accreditation fee. A program may request Inactive Status only once within the assigned accreditation term (e.g., 5, 7, or 10 years).

Written requests to change the program’s status to inactive must be signed by the CEO of the institution and the program director. Requests should be addressed to ACOTE, c/o the AOTA Accreditation Department, and include the information listed under “Procedures for Requesting Inactive Status.” Decisions to place a program on inactive status become effective on the date the decision becomes final. Once a program is placed on inactive status, no new students may be admitted into the program until an Application for Reactivation is submitted and ACOTE grants a status of Accreditation or Accreditation—Reactivating. A program may request reactivation at any time during the 3-year period of inactive status by following the process outlined under “Procedure for Requesting Reactivation.”

If the program chooses not to reactivate, the program may request voluntary withdrawal of accreditation.

If a request is not received prior to the end of 3 years or prior to the expiration of the accreditation term (whichever is sooner), the status of an accredited program will be changed from Accreditation—Inactive or Probationary Accreditation—Inactive to Involuntary Withdrawal of Accreditation.

PROCEDURE FOR REQUESTING INACTIVE STATUS

Written requests to change the program’s status to inactive must be signed by the CEO of the institution and the program director and sent to ACOTE, c/o the AOTA Accreditation Department. Requests must include information regarding:

- How the institution plans to continue the program while on inactive status (e.g., teach out current students, increase recruitment efforts, etc.)
- Anticipated plans for the program at the end of the 3-year period (e.g., whether the program plans to close or reactivate).
- If the program plans to close, a teach-out plan that ensures equitable treatment of the remaining students. The plan must specify:
 - the number of students remaining in the program and their status in the program;
 - a teach-out agreement that ensures that all current students complete all aspects of the program within 3 years;
 - a provision for notification to the students of any additional costs;
 - resources, including faculty, for ensuring a quality education for the remaining students in the program; and
 - how the inactive status will be disclosed to students in the program as well as to prospective applicants.

The request for inactive status will be forwarded to the ACOTE reviewers assigned to the program. If the request for inactive status includes a request for delay of an on-site evaluation visit, the request will be considered in accordance with ACOTE's "Policy and Procedure for Delay of On-Site Evaluation." A letter indicating the final decision will be sent to the CEO, dean, and program director. If inactive status is granted, it will become effective on the date the decision became final, as stated in the letter. Programs will be required to provide updated inactive status reports as requested by ACOTE.

PROCEDURE FOR REQUESTING REACTIVATION

A request to reactivate accreditation must be submitted in writing 12 months prior to the planned enrollment of students.

The letter of intent to request reactivation must be signed by (1) the chief executive officer of the sponsoring institution and (2) the occupational therapy program director **AND/OR** dean overseeing the proposed program. (Although signature of the occupational therapy program director is not required on the letter of intent, it is strongly recommended that the program director be hired in sufficient time to be instrumental in preparing the Application for Reactivation.) The request must:

- declare the intention of the institution to reactivate the occupational therapy or occupational therapy assistant educational program, and
- state that the institution agrees not to admit students into the occupational therapy or occupational therapy assistant program until ACOTE grants a status of Accreditation or Accreditation—Reactivating.
- Indicate:
 - the level of the program (i.e., associate degree, professional master's degree, or doctorate);
 - the month and year the first class is projected to enter the program;
 - the months and year the first class is projected to be on Level II fieldwork and for doctoral programs, the experiential component;
 - the month and year the first class is projected to graduate; and
 - the year the first graduates are projected to sit for the National Board for Certification in Occupational Therapy (NBCOT) certification examination.

The request for reactivation should be addressed to:

ACOTE
c/o the AOTA Accreditation Department
PO Box 31220
4720 Montgomery Lane, Suite 200
Bethesda, Maryland 20824-1220

APPLICATION FOR REACTIVATION

Upon receipt of the request for reactivation, AOTA Accreditation Department staff will forward the Application for Reactivation and a preliminary timeline for the reactivation process.

The Application for Reactivation must be signed by the occupational therapy program director, the dean overseeing the proposed program, and the chief executive officer of the sponsoring institution.

APPLICATION REVIEW

Upon receipt, the Application for Reactivation will be reviewed and one of the following decisions will be made at the next ACOTE meeting:

- **GRANT** a status of **ACCREDITATION** on the basis of the paper review, extend the status until action is taken on the next regularly scheduled on-site evaluation, and notify the program that students may be admitted into the program.
- **GRANT** a status of **ACCREDITATION—REACTIVATING**, notify the program that students may be admitted into the program, and **SCHEDULE A FULL ON-SITE** of the program.
- **GRANT** a status of **ACCREDITATION—REACTIVATING**, notify the program that students may be admitted into the program, and **SCHEDULE A FOCUSED ON-SITE** of the program to assess specific areas identified by ACOTE.
- **DEFER ACTION** on the request for reactivation, request additional information for review at a subsequent ACOTE meeting, and notify the program that students may NOT be admitted into the program until ACOTE grants a status of Accreditation or Accreditation—Reactivating.
- **DENY** a status of **ACCREDITATION—REACTIVATING** and notify the program that students may NOT be admitted into the program.

If the application documents sufficient compliance with the applicable ACOTE *Standards for an Accredited Educational Program*, the action will be to GRANT a status of Accreditation or Accreditation—Reactivating. As soon as the institutional officials receive written notification from ACOTE that the program has been granted Accreditation or Accreditation—Reactivating status, they may admit students into the program according to the approved timeline and proceed with plans for the on-site evaluation (if scheduled). AOTA will officially list the program as having a status of Accreditation or Accreditation-Reactivating.

If the application materials are insufficient to allow ACOTE to determine compliance with the applicable ACOTE *Standards for an Accredited Educational Program*, ACOTE will DEFER ACTION on the request for reactivation and request additional information for review at a subsequent ACOTE meeting. A program may have action on a Request for Reactivation deferred only once.

The program will be DENIED a status of Accreditation—Reactivating if the program does not document sufficient compliance with the applicable ACOTE *Standards for an Accredited Educational Program*. If a status of Accreditation—Reactivating is denied, the program will not be able to admit students. Clearly delineated procedures for programs wishing to appeal an action of Denial of Accreditation—Reactivating are described in ACOTE Accreditation Manual Section IV.D. Options for programs denied a status of Accreditation—Reactivation include the following:

- If the program is still within the 3-year period for Inactivation, the program will remain on inactive status and may reapply for Accreditation—Reactivating by submitting a new request for reactivation.
- If the program is beyond the 3-year period for Inactivation, the program's status will be changed to Accreditation Withdrawn. The program may apply for accreditation through the initial accreditation process described in ACOTE Accreditation Manual Section III.A. Applicable fees would be assessed.

ACCREDITATION—REACTIVATING

Programs that have been granted a status of Accreditation—Reactivating must have a qualified occupational therapy program director on staff throughout the reactivation process. Students shall not be admitted to the program unless there is a qualified occupational therapy program director on staff.

ACCREDITATION FEES

Should an on-site evaluation be required during the reactivation process, the program will be responsible for all costs related to the accreditation visit (actual expenses for travel and per diem of the on-site team).
