V. A. FEES

ACCREDITATION FEES

The Accreditation Council for Occupational Therapy Education (ACOTE®) is committed to administering a quality accreditation program in a cost-effective and efficient manner. Accreditation fees paid by the educational programs help to support costs attributed to the entire accreditation process. ACOTE uses a fixed fee formula that includes the cost of the on-site visit in the annual fee; therefore, with the exception of consortium model programs, educational programs are not charged a fee for reaccreditation on-site evaluations.

FEE INFORMATION

Institutions with Multiple Levels: Institutions housing more than one accredited program level (i.e., OT doctoral, OT master’s, OTA) must pay the application, initial, on-site, and annual fees applicable to each program.

Annual Accreditation Fees are billed in advance of the coming academic year. Invoices are mailed in July and payment is due no later than October 15th. If early notification is required to facilitate processing of a purchase order for payment, the AOTA Accreditation Department should be notified. Annual fees are due each year, including the year in which an on-site evaluation is scheduled. For new programs, the annual fee becomes effective with the first full academic year for which the program has accreditation status.

Application Fees are based on the due date of the Application for Developing Program Status. \$500 of this fee must be submitted with the Letter of Intent as a non-refundable deposit.

Initial Review Fees should be submitted with the initial Report of Self-Study.

On-Site Fees: Reaccreditation on-site fees of consortium programs and initial on-site fees will be billed by Accreditation staff after the on-site evaluation is completed. Accredited OT master's-degree programs transitioning to the OT doctoral-degree level are exempt from the initial on-site fee.
