

Cognition & Occupation Across the Life Span

MODELS FOR INTERVENTION IN OCCUPATIONAL THERAPY

CONTENTS

Foreword

Carolyn Baum, PhD, OTR, FAOTA

Preface

Noomi Katz, PhD, OTR

SECTION I: INTRODUCTION

1. Higher-Level Cognitive Functions: Awareness and Executive Functions Enabling Engagement in Occupation

*Noomi Katz, PhD, OTR, and
Adina Hartman Maeir, PhD, OTR*

SECTION II: NEUROLOGICAL DISABILITIES

2. A Dynamic Interactional Model to Cognitive Rehabilitation

Joan P. Toglia, PhD, OTR, FAOTA

3. The Quadraphonic Approach: Holistic Rehabilitation for Brain Injury

*Beatriz C. Abreu, PhD, OTR, FAOTA, and
Suzanne M. Peloquin, PhD, OTR, FAOTA*

4. A Cognitive Retraining Model for Clients with Neurological Dysfunctions

*Sarah Averbuch, MA, OTR, and
Noomi Katz, PhD, OTR*

5. A Neurofunctional Approach to Rehabilitation Following Severe Brain Injury

Gordon Muir Giles, PhD, OTR, FAOTA

SECTION III: MENTAL HEALTH

6. The Dynamic Interactional Model in Schizophrenia

Naomi Josman, PhD, OTR

7. The Cognitive-Behavioral Model in Mental Health

Linda Duncombe, EdD, OTR, FAOTA

8. A Nonlinear Approach to Cognition: A Web of Ability and Disability

Ivelisse Lazzarini, OTD, OTR

SECTION IV: PEDIATRICS

9. Cognitive Coordination to Daily Occupational Performance With Children With Developmental Coordination Disorder

*Helen J. Polatajko, PhD, OT Reg. (Ont.), OT(C), FCAOT, and
Angie Mandich, PhD, OT Reg. (Ont.), OT(C)*

10. The Dynamic Interactional Model in Children With Learning Disabilities and TBI

Naomi Josman, PhD, OTR

11. Cognitive Rehabilitation of Children With Attention-Deficit/Hyperactivity Disorder

Sharon A. Cermak, EdD, OTR/L, FAOTA

SECTION V: HEALTHY ELDERLY AND ELDERLY WITH DEMENTIA

12. Cognitive Aging in Perspective: Information Processing, Cognition, and Memory

Linda L. Levy, MA, OTR/L, FAOTA

13. Cognitive Aging in Perspective: Implications for Occupational Therapy Practitioners

Linda L. Levy, MA, OTR/L, FAOTA

14. Cognitive Disabilities Reconsidered: Rehabilitation of Older Adults with Dementia

*Linda L. Levy, MA, OTR/L, FAOTA and
Theresa Burns, BS, OTR*

SECTION VI: ALL POPULATIONS

15. A Dynamic Model for Cognitive Modifiability

*Naomi Hadas Lidor, PhD, OTR and
Penina Weiss, MSc, OTR*
