

Conference Session Webcasts

View the sessions originally presented at AOTA's 87th Annual Conference. Conference session webcasts are available for purchase and registration until April 30, 2009. All exams must be completed no later than June 30, 2009.

Do Trees Really Talk? Using Sensory Experiences in the Early Education Classroom

PRESENTED BY ELIZABETH THOMAS, MA, OTR/L

EARN .15 AOTA CEUS (1.5 NBCOT PDUS/1.5 CONTACT HOURS).

Learn strategies for recognizing teacher responsibility and consulting with school personnel for optimum understanding and cooperation, and broaden the scope of sensorimotor experiences in the early education classroom setting.

Order # CSC310-CG

AOTA Members: \$45, Nonmembers: \$64

Ergonomics in the Classroom: An Overview of Ergonomics for School-Aged Children

PRESENTED BY KAREN JACOBS, EDD, OTR/L, CPE, FAOTA, AND JENNIFER WINGRAT, MS, OTR/L

EARN .25 AOTA CEUS (2.5 NBCOT PDUS/2.5 CONTACT HOURS).

Perfect for occupational therapy professionals looking for research-based principles and strategies that reduce musculoskeletal strain and enhance occupational performance in classrooms.

Order # CWS208-CG

AOTA Members: \$66, Nonmembers: \$94

Improvised Splinting: Enabling Patients in Instrumental Activities of Daily Living and Leisure Activities with Creative Fabrication

PRESENTED BY ERIK JOHNSON, MS, OTR/L

EARN .15 AOTA CEUS (1.5 NBCOT PDUS/1.5 CONTACT HOURS).

Learn key strategies and concepts for creative hand therapy splinting with a focus on purposeful activities and occupations. Find out why the initial interview is critical in discerning the appropriate occupation-based treatment, and identify reasons why the biomechanical frame of reference is so important.

Order # CSC226-CG

AOTA Members: \$45, Nonmembers: \$64

Innovative Approaches in the Upper-Extremity Rehabilitation After Stroke

PRESENTED BY SALVADOR BONDOC, OTD, OTR/L, AND LISA FINNEN, MS, OTR/L

EARN .3 AOTA CEUS (3 NBCOT PDUS/3 CONTACT HOURS).

Ideal for occupational therapy professionals looking for innovative and emerging technologies to use in treating those with a neurological impairment caused by stroke. Get new ideas and the related research evidence to support treatment.

Order # CWS105-CG

AOTA Members: \$79, Nonmembers: \$112

Integrating Evidence from Neuroscience and Family Systems to Foster Childhood Occupations

PRESENTED BY WINIFRED SCHULTZ-KROHN, PHD, OTR/L, SWC, BCP, FAOTA; MICHELLE J. BROWN, MOT, OTR/L, BCP; PATRICIA L. DAVIES, PHD, OTR, BCP; RACHEL B. DIAMANT, MS, OTR/L, BCP; AND THERESA L. SCHLABACH, MA, OTR/L, BCP

EARN .2 AOTA CEUS (2 NBCOT PDUS/2 CONTACT HOURS).

Learn how current research on brain development and function applies to pediatric occupational therapy practice. Presented through case-based discussions on ethical reasoning and common dilemmas, this Webcast addresses the key components of family-systems theory and how the parent-child roles support growth in both child and parent.

Order # CWS304-CG

AOTA Members: \$53, Nonmembers: \$76

Non-Driver Rehabilitation Specialists: Community Mobility Across the Life Span

PRESENTED BY ANNE HEGBERG, MS, OTR/L, CDRS, CDI

EARN .15 AOTA CEUS (1.5 NBCOT PDUS/1.5 CONTACT HOURS).

Emphasizes the role occupational therapy plays in community mobility, and offers a variety of resources in your state, including reporting laws for medical personnel, state driving requirements, wheelchairs and accessible vehicles for clients in acute and rehabilitation settings, and much more.

Order # CSC244-CG

AOTA Members: \$45, Nonmembers: \$64

Occupational Therapy In-Home Assessment Program: Meeting the Needs of Older Adults

PRESENTED BY PAMELA E. TOTO, MS, OTR/L, BCG, AND CATHY DOLHI, MS, OTR/L, FAOTA

EARN .15 AOTA CEUS (1.5 NBCOT PDUS/1.5 CONTACT HOURS).

This occupation-based presentation discusses the evidence, cost benefits, and outcomes in developing an in-home assessment program using traditional reimbursement sources for community-dwelling seniors who are aging-in-place.

Order # CSC128-CG

AOTA Members: \$45, Nonmembers: \$64
