

## Clinical Supervision in Occupational Therapy: A Guide for Fieldwork and Practice

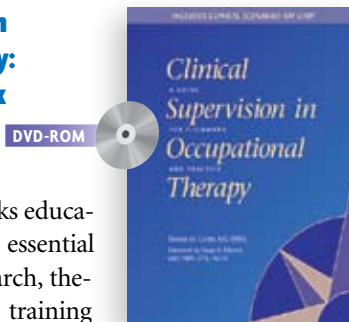

BY DONNA M. COSTA, MS, OTR/L

Fieldwork education links education and practice. This essential book addresses the research, theory, development, and training gaps in the occupational therapy knowledge base and provides a theoretical and philosophical framework that corrects myths about clinical supervision and forges a connection between the theory and practice of clinical education and supervision. Useful for OT and OTA students preparing for Level II fieldwork, new practitioners, fieldwork educators, and managers of practice settings.

## Using the Fieldwork Performance Evaluation Forms: The Complete Guide

BY KAREN ATLER, MS, OTR

Easy-to-use and comprehensive, this guide helps educators and clinicians understand the development of the current FWPE forms and learn how to make the forms relevant to a particular practice setting, how to write site-specific objectives, and how to properly score the FWPEs. Includes case scenarios and sample FWPE/OTS and FWPE/OTAS forms.

## The Essential Guide to Occupational Therapy Fieldwork Education: Resources for Today's Educators and Practitioners

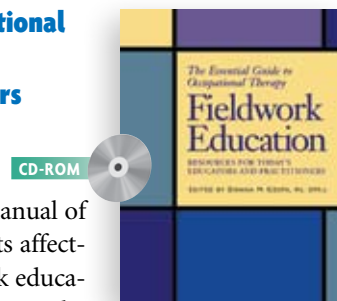

EDITED BY DONNA M. COSTA, MS, OTR/L

A comprehensive, user-friendly manual of information, policies, and concepts affecting occupational therapy fieldwork education. Experienced practitioners can use the updated materials to resolve challenging fieldwork situations. Those teaching a student for the first time will see the “big picture” of preparing the profession’s next practitioners. Clinical department managers and student coordinators will learn how to prepare a student fieldwork manual for clinical sites. Academic fieldwork coordinators will find new ideas to share with colleagues.
