

## AOTA Copyright Release Form

In consideration of any action taken by the American Occupational Therapy Association (AOTA®) in reviewing and editing, and the possible publication of this manuscript, tentatively titled \_\_\_\_\_,

the author undersigned hereby transfers, assigns, or otherwise conveys all copyright ownership, which also encompasses electronic distribution of the work, to the AOTA. The author represents and warrants that they are the sole creator and proprietor of said article and that they have full power to make this agreement and grant, that it in no way infringes upon any copyright or proprietary rights of others, and that the manuscript has not been published or is not being considered for publication by any other entity.

The author agrees to obtain, at their own expense, any required consents or releases of any other publisher or other person owning the rights of copyright of any *part* of said article, including tables, charts, or photographs. In the event that the author does not have exclusive rights to the article and/or copyright thereto, or to any *part* of said article as above, and does not agree to obtain such consents or releases, the AOTA shall have the right, without limiting any other rights the AOTA may have under federal and state law, to terminate this agreement immediately.

### Artificial Intelligence (AI) Statement

In addition to the above statements, the author hereby certifies that no generative artificial intelligence (AI) or machine learning tools were used to generate, draft, or substantively edit the content of this manuscript. Only standard tools for spelling, grammar, or reference management were used (e. g., Grammarly), consistent with accepted scholarly practice. All writing, analysis, and interpretation are solely the work of the author.
