Start Process

Review AOTA’s Position Paper on telehealth occupational therapy
AOTA Position Paper on Telehealth

Does my state allow telehealth occupational therapy?
AOTA State-by-State Chart of Telehealth Laws
AOTA State Actions Affecting OT — COVID-19

Does my facility/agency/supervisor support telehealth occupational therapy?

Address Patient Care Needs

- Identify alternatives to meet client care needs
  - Provide in-person therapy, refer to other OT provider, mobilize family caregivers, etc.

Consider Advocacy

If your state or facility does not authorize telehealth occupational therapy services:

- Consider advocacy for OT to provide telehealth
  - AOTA Legislative Action Center
  - AOTA How to get Involved
  - Reach out to state OT association
  - Reach out to AOTA State Affairs

- Consider facility advocacy
  - Share AOTA resources with supervisor or administration

Review Population and Payer Information (see AOTA payer table)

- Telehealth coverage in Home health, Outpatient Rehab, Inpatient Care, Schools, Early Intervention (EI) varies by payer

- Payer information changes frequently
  - Review AOTA Commercial Payer Telehealth Chart
  - Be aware of your primary payers
  - Check primary payer coverage frequently
  - Sign-up for provider bulletins from payers to receive coverage updates

- Each payer approaches reimbursement for telehealth differently, and in the current environment information is changing rapidly
  - For example: Medicaid coverage varies by state, some plans require in-person evaluation, but may pay for follow-up telehealth visits

- Consider billing codes, modifiers, and place of service used by payers
  - American College of Rehabilitation Medicine (ACRM) Webinar — Telehealth Resources for Occupational Therapy
  - Reach out to payers to discuss options if needed
Implementing Telehealth

Regulatory Considerations

- Consent requirements, which may vary by state and payer
- HIPAA Compliance during COVID-19 Pandemic and enforcement discretion
- Business Associate Agreements
- Facility HIPAA Privacy Statement
- FERPA Compliance (for educational environments)
- State Licensure
  - Location of both practitioner and client affects telehealth regulation
  - OTA ability to provide telehealth varies by state and payer
- Confirm coverage for telehealth with professional liability carrier

Technical Considerations

- Equipment/Modality
- Hardware and Software
  - HHS HIPAA Compliant Platforms
- Video Cameras
- Internet Bandwidth
- Technical Support
  - Health IT Playbook — Learn More About Telehealth
  - National Telehealth Technology Assessment Resource Center

Clinical Decision Making

- Risk/Benefit Analysis
  - Specific patient ability to benefit from telehealth
- Treatment Must be Client Centered
  - Continue to rely on the AOTA OT Practice Framework and the Occupational Therapy Code of Ethics
- Timing Considerations—benefits of synchronous vs. asynchronous sessions
- Ethical Considerations
  - Practitioner competency with telehealth - consider competency checklist
  - AOTA Advisory Opinion for the Ethics Commission
- Documentation of Services per AOTA Guidelines
  - Consider telehealth specific documentation requirements with AHIMA Teledmedicine Toolkit
- Track Outcomes
- Patient Satisfaction Survey—Continue to Gather Feedback
